

HOW TO HOST A HIPSTERVERVENTION

1

BAIT

Lure the Hipster to the Hipstervervention location. The promise of a craft beer, cold drip coffee, or vinyl sales are effective temptations. Tell them no one's ever even been there it's that underground.

2

Shame

Shame is powerful motivator. Make them see how their mindless hipster addiction has affected their family and loved ones. Let personal stories of loss cleanse them like the bath they so desperately need.

3

SHAVE

It's the calling card for hipsters everywhere in the world and some say the source of their powers. True healing and a return to manhood can only come when that organism is shaved to the floor.
